

13 CODES FOR CHANGE AND ACCELERATION

Unique, Simple, Powerful and Efficient
New Technology for Personal Growth

There are 2 parts to 13 Codes for Change and Acceleration.
You can choose to do one or both. They are stand-alone workshops
you do not need to do one to do the other

What does it do?

*Increases *Intuition *Clarity *Empowerment *Awareness

*Brings a sense of excitement for life

*Puts you in control of your own personal growth

*Helps you to operate on a higher level in your daily life so things become easier

How does it work?

The Codes talk to the deepest part of you, allowing growth on an expanded yet personal level.

It is very simple – like pressing buttons on your hands.

Pressing these places on your hands activates amazing effects within both your physical body and your energetic field.

Once you have completed the workshop it takes only five minutes to reactivate the incredible benefits. Your personal growth can be at your own pace. This can be done either daily, weekly or whenever it feels right for you.

It's like losing weight without dieting, except it's for Self Growth.

It allows everybody to have a totally normal life but still be in charge of their own progress.

'Codes for Change and Acceleration' was developed by Spiritual Channel and Teacher Kachina Ma'an who channelled this workshop in 2010.

“You don't have to change your life to do this, but doing this will change your life”
